

ReGen: Konftel C5055Wx

KONFTEL C5055Wx

Konftel C5055Wx is the perfect video collaboration solution for medium and large meeting rooms, combining the Konftel Cam50 PTZ conference camera and the expandable Konftel 55Wx speakerphone with OmniSound® audio quality. The Konftel OCC Hub brings everything together into one convenient kit, so a single USB cable is all you need to connect the camera, the sound unit and the room's screen to the collaboration app on your laptop.

CRYSTAL CLEAR WITH OMNISOUND

The Konftel 55Wx is a versatile and easy-to-use speakerphone with impressive, crystal clear HD sound thanks to our OmniSound® audio technology. The video conference sound from the computer can be bridged with calls via a deskphone or a Bluetooth-connected mobile and it's easy to switch and combine connections on the touchscreen. Another cool feature is recording onto a memory card.
