

ReGen: nfina 1U Dual-Socket Rack Servers

ReGen is the CT partner for nfina

5208R-i20

The 5208R-i20, dual-socket server, is the ideal system for robust virtualized environments and high-performance computing applications. Configure this server with eight SSD or NVMe drives for reduced latency, higher IOPS, and faster CPU to data storage performance. This server has up to 2 2nd Gen Intel Xeon Scalable Processors, 8 x 2.5" Hot-Swap Drive Bays, up to 88TB Storage, and 2 x 10GbE Ports.

3204R-i20

The 3204R-i20 dual-socket server delivers superior performance per-core and enhanced memory and networking capabilities. This versatile server is the perfect fit for enterprise applications, datacenters, and virtualized computing environments. This server has up to 2 2nd Gen Intel Xeon Scalable Processors, 4 x 2.5" or 3.5" Hot-Swap Drive Bays, up to 64TB Storage, and 2 x 10GbE Ports.

1208RN

The Nfina 1208RN is the ideal choice for budget applications that require the power of the 2nd Generation Intel® Xeon® Scalable processors. This advanced storage and compute platform delivers high level performance and lower cost of ownership, greatly reducing the strain on both your users and your budget.

This server has up to 2 2nd Gen Intel Xeon Scalable Processors, 8 x 2.5" Hot-Swap Drive Bays, up to 122.88TB Storage, and 2 x 1GbE Ports.

1204RN

The 1204RN offers exceptional performance and extraordinary value in a 1U server platform. Dual Sockets accommodate up to two 2nd Generation Intel® Xeon® Scalable processors, and 2933MHz memory make the 1204RN an extremely efficient and economical server. This server has up to 2 2nd Gen Intel Xeon Scalable Processors, 4 x 2.5" or 3.5" Hot-Swap Drive Bays, up to 64TB Storage, and 2 x 1GbE Ports.

About ReGen

ReGenerating Solutions (ReGen) has been providing technology solutions and services since 1983. ReGen is dedicated to offering quality technology solutions including Hardware and Network Design, Data Backup and Recovery, Dark Web Monitoring, Phishing Simulation Training, Phone systems as well as HelpDesk services.
